

# NME - "Ask the Network" Survey Conducted for Michigan Virtual University

**Survey Status:** **Closed** Launched: 5/15/2007 12:56 PM Closed: 5/22/2007 7:05 AM

**Email Invites:** 0

**Visits:** 80

**Partials:** 0

**Completes:** 70 *(Does not include blank responses)*

**1.** Significant amounts of local, state and federal funds have been invested in technology related infrastructure by Michigan school districts. To what extent do NME members agree or disagree with the following statement: "Michigan's K-12 community has successfully leveraged technology investments to impact teaching and learning in positive ways."

Strongly Agree		4	6%
Agree		25	36%
Neutral		10	14%
Disagree		27	39%
Strongly Disagree		4	6%
<b>Total</b>		<b>70</b>	<b>100%</b>

**2.** Today, most professional development programs offered to K-12 educators are based on a traditional face-to-face delivery model. To what extent do NME members agree or disagree with the following statement: "Internet-based technologies will significantly impact the delivery of professional development in the next three to five years."

Strongly Agree		12	17%
Agree		37	53%
Neutral		8	11%
Disagree		12	17%
Strongly Disagree		1	1%
<b>Total</b>		<b>70</b>	<b>100%</b>

**3.** In 2006, Michigan became the first state in the nation to incorporate online learning as a required component for high school graduation. To what extent do NME members agree or disagree with the following statement: "Michigan's new online learning requirement will help students' further practice and develop 21st Century skills."

Strongly Agree		22	31%
Agree		29	41%
Neutral		10	14%
Disagree		7	10%
Strongly Disagree		2	3%
<b>Total</b>		<b>70</b>	<b>100%</b>

**4.** The Center for Disease Control (CDC) has published advisory notices to inform U.S. citizens of the containment strategies that may be necessary if we experience a pandemic of the Avian Influenza (bird flu). One of these strategies includes possible closure of public schools for extended periods of time. To what extent do NME members agree or disagree with the following statement: "Internet technologies could be used to allow students and educators to maintain some formal and informal learning opportunities during possible school closures."

Strongly Agree		24	34%
Agree		27	39%
Neutral		9	13%
Disagree		6	9%
Strongly Disagree		4	6%

**5.** To what extent do NME members agree or disagree with the following statement: "As an NME member, I have an in-depth understanding and working knowledge of what is meant by 21st Century skills as it relates to K-12 students."

Strongly Agree		27	39%
Agree		25	36%
Neutral		10	14%
Disagree		7	10%
Strongly Disagree		1	1%
<b>Total</b>		<b>70</b>	<b>100%</b>
